

Evaluation of the MSF Transformational Investment Capacity (TIC)

Response to request for clarification – updated 30/04

Estimated budget

We invite consultants to estimate the level of effort required in line with their proposed methodology.

The selection process will be based primarily on the quality of the technical proposals, followed by an assessment of the team's profiles. Budget considerations will be discussed at a later stage with shortlisted teams.

For indicative purposes only, and based on our preliminary estimates, the total budget is expected to range between EUR 60,000 and 80,000 (including all costs).

Additional information on the TIC

Further information about the TIC is available on its dedicated website: MSF Transformational Investment Capacity.
